About me

My name is Penelope and I am handcarfter. I have worked in different sectors but the last 3 years I decide to be focus and work in the field of art and craft. I follow **Sewing** lessons and since September I follow **Jewellery Making** lessons in college. Very soon, I start sewing and sale accessories, like handcreafter.

Since I was a child I remember myself crafting! Every summer, I was working with a new material! During the last years I had several workshops and seminars, in the field of handmaking.
