My Services

I always thought it was impossible for me to learn knitting. To the contrary, Garifalia showed me step by step the process. I am glad I had the opportunity to participate and learn this technique. I am ready to start sewing great things, Penelope taught me all the steps of sewing.

My Story

I want to engage in vocational training after Corona 19 and start my own small business. I believe that it would be good if three or four girls get together and work cooperatively.
